Sunday December 24, 2024, Aligarh: With the announcement of new governing council for GLAFIMS INDIA headed by Dr Vijay Pal Khanagwal. Glafims Association has also released the Second issue of its online version of Scientific Medical Journal titled "International Journal of Medical Justice, IJMJ". GLAFIMS Association is abbreviation of the Global Academy of Forensic and Investigative Medicine and Science. This is a collection of people involved in Forensic Medicine, Forensic Sciences, Investigative Forensic Medicine, Law Persons, Investigative Authorities and Persons, Forensic Pathologists and allied sciences. The Main aim of the association is to collaborate and cooperate with each other for the academic and professional development by enhancing mutual interactions. GLAFIMS Association is a registered with Government of India and collaborated with FORUM LEX ASSOCIATION, ITALY. Professor Ashok Chanana, Professor and Head, Department of Forensic Medicine and Toxicology, Chintpurni Medical College, Bungal, Pathankot was the chief guest for the occasion. The occasion was held online on website. Addressing the audience Professor Chanana emphasized the need of uplifting forensic medicine to international level. Dr Parmod Kumar Goyal, Principal, Adesh Institute of Medical Sciences & Research, Bathinda. AIMSIR and editor of the IJMJ mentioned that the journal is progressing at very fast speed and has been assigned ISSN number Dr Chaitanya Mittal, General Secretary, presented the vote of thanks.

Amongst international participants present to witness the event were Dr Mohammed Nasimul Islam from Malaysia, Dr Doaa Abdel Wahab El Morsi from Egypt, Dr Borhan uddin ahamed from Bangladesh. International Journal of Medical Justice, IJMJ is an official publication of GLAFIMS ACADEMY. Vision of GLAFIMS ACADEMY is "To uplift the status of forensic medicine, investigative medicine and allied health science nationally and internationally by promoting mutual interaction between stakeholders for the advancement of relevant scientific knowledge". IJMJ is indexed in OpenAIRE, International Scientific Indexing. IJMJ follows the recommendations of International Committee of Medical Journal Editors for the Conduct, Reporting, Editing and Publication of Scholarly Work in Medical Journals. All paper are provided with DOI.
